

To measure cell voltage, measure any 2 adjacent pins on the white balance plug
Measure voltage at least 10 minutes after flight when pack has cooled down
These measurements are approximate and may differer from battery to battery

Battery voltage per cell	Percent capacity
4.2	100
4.17	98
4.13	95
4.1	92
4.07	89
4.03	86
4	82
3.96	78
3.93	74
3.9	69
3.87	64
3.83	59
3.8	53
3.77	47
3.73	36
3.7	22
3.66	12
